To whom it may concern,

I am sorry I was not able to present this in person. As a high school teacher, I am usually at work prior to the office opening and home after the office is closed.

On the application, it asks what kind of board membership I have ever held. I have never held any active membership on city board or advisory council. However, through my many years in education I have been on many councils and advisory committees within the school setting. I have worked on the advisory council and worked closely with the AVID program since its inception at East Ridge and Lake Minneola High Schools. This is a college prep program for underserved students. Within this organization, we have worked to implement teaching strategies for not just these selected students, but all the student population within our school to help their time management and organization skills and critical thinking in academically rigorous courses. I have also been a head coach for girls' lacrosse at Lake Minneola (and an assistant coach at East Ridge) for ten years. In this capacity, I work with students to develop lacrosse skills, but I also keep documentation for the team, create and work fundraisers, and communication with students, parents, and other teams in the Central Florida area.

I know I may not have any experience working on a town council or advisory committee, but I am very interested in being a part of the current and future events in Howey and the Hills. I have lived in Lake County for twenty years and settled into Howey in 2013. My husband is also a teacher in Leesburg and our daughter enjoys playing at the town parks. We love to participate in the Halloween, Christmas, and Easter celebrations. I would love the opportunity to work with the town of Howey in any capacity I can serve.

I hope you will consider my application for any current and future positions.

Thank you,

Staci Mauro
