Funds collected for April

Copies/Fax: \$116.80 **Fines:** \$41.55 **Total:** \$158.35 **FOL:** \$398.35

Activities during the month of April

I have submitted the grant application for the Lake County Impact Fee grant. The recipient will not be notified until July of this year.

Public Works repaired one of my tables and replaced all the lights bulbs on the porch. Cee Bee Air Conditioning came out on April 26th to repair the unit. The tech Chris repaired it the best he could and agreed to have a quote sent to John Ernest for the cost of a new unit. As of today (Tuesday) we have not received that quote. I will let the board and town council know as soon as I am notified.

The FOL ordered a new umbrella for the table in Central Park. John Ernest put the FOL in contact with a company that was able to supply a reasonably price umbrella. It has been ordered and Public Works will installed it when it arrives.

Six patrons attended a class on the Overdrive App used to take out ebooks through the library system. The class was taught by our volunteer Cara. A patron baked cupcakes for the volunteers for National Library Workers, Day. We also hosted an Acupuncture workshop ad a Make & Take Essential oils class in April. "Meet the Artist" was attended by approximately 75 residents. For the first time, Hair in the Hills participated and the Historical Society. The museum portion of town hall was opened to the public.

Our monthly programs of chess, canasta, story time and yoga continue to expand and do well.

The total program attendance for the month of March: 117 kids
255 Adults
12 teens

Respectively submitted,
Tara Hall
Library Director
